Speedy Trial in Texas.

Austin, Tex., April 30.—Henry Simmons, the negro, who, it is charged, on April 21 murdered a young white girl named Lulu Sandberg at Manos, twelve miles from here, was Friday tried by a jury and convicted of murder in the first degree within three minutes after the jury was charged. The entire trial only consumed two hours. The defendant will hang here May 2.

JAPANESE WIN BIG LAND BATTLE

SPECIAL TO THE DAILY DISPATCH.

Washington, April 30th.—Reports have reached the state department from sources which the officials do not care to divulge, to the effect that a great battle has been fought on the Yalu river, resulting in a complete Japanese victory.

Kaupangtze, Manchuria, April 30.—The first battle of the war is persistently reported to have occurred on the Yalu river. Sixteen thousand Japanese crossed the stream Thursday and attacked thirty thousand Russians strongly fortified. It is rumored this morning that the Japanese were reinforced and the battle continues. Japanese sharpshooters have killed many Russian officers, whose uniforms are conspicuous.

FEAR FOR KUROPATKIN

RUSSIANS ARE APPREHENSIVE OF DISASTER TO COMMANDER OF THEIR ARMY.

MADE NO RECENT REPORTS

HIS LONG SILENCE SUPPORTS RUSSIANS THAT A MISHAP HAS BEFALLEN HIM.

WILL ATTACK VLADIVOSTOK

JAPANESE WARSHIPS EXPECTED TO SHELL THE GIBRALTAR OF THE ORIENT.

New York, April 30.—A special to the Herald from St. Petersburg says: There are persistent rumors of a mishap to General Kuropatkin. This is supported by the fact that there has not been a word from him for a long while.

An attack on Vladivostok is momentarily expected.

Friday the entire town gave itself over to a grand wave of enthusiastic hero worship, of which the crews of the Variag and Korietz were the center.

Doubtless the news of sinking of the Japanese transport has done wonders in reviving the spirits of the people.

In spite of German denials, there is good reason to suppose that a number of torpedo boats have been bought by Russia, and it is quite possible also that others will be forthcoming from England.

TAKE MEN AND GUNS

JAPANESE CAPTURE RUSSIANS AND ORDNANCE IN YALU RIVER FIGHTS.

Tokio, April 30.—Following the official announcement that 73 soldiers on the transport Kinshu were drowned at midnight of Monday last by the sinking of their ship, came definite news to the war board, which was issued in the form of bulletins three times before nightfall and served to cheer the people, who had been downcast at the confirmed news of the first known disaster to the emperor's arms.

Lieutenant General Baron Tachima, telegraphing from Sukuchin, on the Yalu river, not only confirmed the occupation of Manchurian towns by the Japanese army, but announced the capture of small detachments of Russian infantry and two guns in the Japanese advance on Tuesday night to the Manchurian village of Towasho. Detachments of the Second and Fifteenth Tokyo regiments of infantry, of the Forty-first, from Hiroshima, and three squadrons of the Twelfth regiment of Kokura cavalry, with three battalions of the Fifth field artillery regiment from Osaka, participated in the advance, which went across the Yalu on Monday night from below Sukuchin, the Japanese occupying on their left the road to Kihiencheng.

RUSSIA MAY BE SORRY.

Her Reputation of Mediation May Be Cause of Regret.

London, April 30.—The daily papers, commenting upon Russia's repudiation of mediation, display the customary anti-Russian bias and consider Russia's official note as, solely intended for home consumption, as none of the powers would be likely to intervene unless previously assured that

mediation would be welcome. They also hint that Russia may have cause to regret that she closed the door prematurely on the possibility of friendly intervention and regard the note as disavowing all hope of an early termination of hostilities.

The Daily Telegraph says: "The note breathes an uncompromising determination to fight while there is a rouble in the treasury, but no other course would be regarded worthy of a great world power."

REMAINS UNCONFIRMED.

Reported Russian Reverse on the Yalu River.

London, April 30.—No further news of any kind has been received regarding the reported Russian reverse on the Yalu.

According to the Daily Telegraph's Shanghai correspondent, the bulk of the supplies of the Russian army at Liaoyang are being conveyed to Feng-tsiencheng.

A dispatch from Port Arthur, dated Friday, reports all quiet there.

The icebreakers are expected to commence running on Lake Baikal May 3. The Manchurian administration of waterways has issued a notice that the Ussuri and Sungari rivers will soon be open. The ice is rapidly breaking up on the Amur.

The Emir of Bokhara has contributed \$500,000 for the increase of the Russian navy.

RESCUES FORTY-FIVE SOLDIERS.

Japanese Schooner Picks Up a Boat From the Kinshu Maru.

London, April 30.—The correspondent of the Daily Mail at Kobe, Japan, says the captain of the Japanese schooner Chihaya, which arrived at Gensan Friday, announced that he had rescued a boatload of forty-five soldiers and nine members of the crew of the Japanese transport Kinshu Maru, which was torpedoed and sunk by the Russians at midnight of Monday last.

DEFENDS HIS COUNTRY.

Count Cassini Makes a Statement of Her Position.

New York, April 30.—Count Cassini, the Russian ambassador, contributes to the forthcoming number of an American magazine an article in which, under the caption of "Russia and the Far East," he makes a statement of his government's position. The ambassador says:

"Russia has never ceased to wonder why the idea that she was willing and anxious to make war with Japan became so generally prevalent in the United States. Prejudiced minds, or those having nothing beyond a superficial knowledge of the government's position preceding the unexpected and dishonorable attack upon our fleet at Port Arthur, may dispute the statement that Russia hoped for and tried to maintain peace, but I have no hesitation in making it. If proof of the assertion were demanded, it lies in the simple but uncontradicted answer, Russia was not prepared, because she had no reason to expect war. In her faith that the negotiations with Japan were being conducted by both parties with the object of reaching an amicable and honorable adjustment of their differences, she was not conscious that the outcome was to be other than peaceful."

Count Cassini denies that Russia was actuated by designs to possess Manchuria or Korea by force of arms.

GENERAL UPRISING PROBABLE.

Manchu Brigands Only Waiting for Japanese Land Victory.

London, April 30.—The Daily Telegraph's Sinnington correspondent, cabling under date of April 29, says he regards a general rising of Manchu brigands, encouraged and aided by Manchu officials, as probable in the event of a Japanese land success.

Fire Damages Wagon Factory.

Racine, Wis., April 30.—A fire which started at 5 o'clock last evening in the Fish Bros. wagon factory, did about \$60,000 damage, which is covered by insurance. The fire is still burning, but is under complete control. It originated in the paint shop and will throw about 300 men out of employment.

OPEN TO THE WORLD

LOUISIANA PURCHASE EXPOSITION IS FORMALLY OPENED AT ST. LOUIS.

PRESSES THE GOLDEN KEY

PRESIDENT ROOSEVELT STARTS THE GREAT FAIR FROM THE WHITE HOUSE.

WORK RUSHED TO A FINISH

THIRTY THOUSAND MEN WERE EMPLOYED IN FIXING UP FOR THE OPENING.

St. Louis, April 30.—At noon the great Louisiana Purchase exposition, upon which the city of St. Louis has lavished millions of money, to which her people have devoted years of their best endeavor, and for which they have labored with infinite patience and persistence, was thrown open to the world. Never has any city put forth greater effort to keep the spirit and letter of her pledge than has St. Louis, and she is now enjoying the greatest day in her history.

All of Friday and all last night the people worked with desperate energy to accomplish the thousand and one things that always remain to be done at the last moment.

At the exposition grounds 30,000 men worked all Friday putting the final touches upon the grounds, buildings, sidewalks, cleaning buildings, removing scaffolds and arranging exhibits. This work continued without cessation until dawn and when the fair opened at noon everything humanely possible had been done to advance the work to the farthest limit of preparation.

In the downtown streets and in the residence districts the decorations are profuse and beautiful.

More Serious Than Resplendent.

The exercises today were more serious than resplendent. There was comparatively little of the glittering pageant that marked the dedication exercises a year ago, but the ceremonies preceding the formal opening were none the less interesting. At 9 a. m. all the high dignitaries of the exposition met at the administration building and, headed by a band, marched to the plaza of St. Louis in the center of the exposition grounds.

Representatives of foreign governments met at the hall of congresses at the same hour and timed their parade to the plaza so as to arrive at the same moment the exposition officials marched in from the opposite direction.

At the same time representatives of states and territorial governments entered the plaza from Third avenue, having previously formed at the United States building.

After the gathering had been formally called to order by President Francis, the Rev. Frank W. Gunsaulus of Chicago delivered the invocation. At the conclusion of the prayer, Director of Works Isaac S. Taylor delivered the keys of the building to President Francis, who in turn transferred the buildings to Frederick J. V. Skiff, the director of exhibits. The chorus "Hymn of the West" was then sung, and addresses were made by the following gentlemen:

Taft Makes Last Speech.

Mayor Wells, St. Louis; Hon. Thomas T. Carter, president national commission; Senator H. E. Burnham, New Hampshire, in behalf of United States senate; Congressman James A. Tawney, Minnesota, for the national house of representatives; Commissioner General Albino R. Nuncio of Mexico in behalf of the foreign commissioners; E. H. Harriman, New York, for the exhibitors.

The last speech of the day was by Secretary of War Taft and at the conclusion the signal was given to President Roosevelt in the White House, the golden key was pressed, the cascades sent down their floods, the thousands of banners were unfurled, and the great Louisiana Purchase exposition was thrown open to the world.

During the day the United States gunboat Nashville and the torpedo boat destroyer Lawrence arrived at St. Louis harbor.

The opening day was a legal holiday in Missouri and scores of excursion trains brought large crowds to swell the vast concourse already here.

May Prove a Total Loss.

Atlantic City, N. J., April 30.—The stranded sugar steamer Craigneuk is in a sad plight. With the pounding she got from the heavy seas during the day and night she has been rendered almost helpless. The steamer will probably prove a total loss as she is deeply imbedded in the sand.

River Falling at St. Louis.

St. Louis, April 30.—The Mississippi river has started to fall very slowly and danger of serious results from flood has passed. It is expected that by Monday conditions on the East side will be normal again as far as railroad traffic is concerned.

POWDER HELD RESPONSIBLE.

Caused Bursting of Eight-Inch Guns on the Iowa.

Washington, April 30.—The naval board, consisting of Captain Dayton, Commander Fletcher and Lieutenant Dieffenbach, appointed to investigate the circumstances attending the bursting of two eight-inch guns on the Iowa, Feb. 5, last, has reported to the secretary that the board finds that in the firing of the guns all precautions were taken. The report says that when the forgings of the guns were being machined at the gun factory defects developed, the defects being described as numerous small "breaks" in the continuity of the metal and also minute "sand and slag spots." The forgings thereupon were rejected by the factory, but finally accepted by the bureau of ordnance after a board had declared the defects common and not serious enough to warrant rejection.

The guns were designed for use with brown powder, but smokeless powder was used instead. With the adoption of smokeless powder the muzzle velocity was increased from 2,100 to 2,300 feet.

In its conclusion the board finds that the eight-inch guns of the Iowa, so far as material is concerned, were as strong as designed to be; that the fracture of these guns did not result from weakening from previous firing, from the premature bursting of shells in the bore or from excessive pressures resulting from abnormal action of the powder charge. But, the board says, the increase of muzzle velocity from 2,100 to 2,300 while at the same time the breech pressure was decreased, reduced the margin of safety along the chase too much. It is recommended by the board that more extensive experiments be made to determine the advantage and disadvantage of the present grain powder in comparison with other shapes.

The department has the report of the board under consideration.

MINERS WILL STRIKE.

Eight Thousand Men in Fifth Ohio District to Quit.

Wheeling, W. Va., April 30.—A strike of 8,000 coal miners in the eastern part of the Fifth Ohio sub-district will occur next Monday, as the result of a fruitless conference of operators and miners for ten days. The final split came on two sections of the machine scale, one providing for a change in payment for narrow machine work, from a straight tonnage to a tonnage and yardage basis; and that miners take up all bottom coal in wide work. The men claim these features would involve a reduction in the Indianapolis agreement and impose hardships not enacted in any other part of Ohio.

ROCKER MUST HANG

JURY FINDS IOWA MAN GUILTY OF MURDER AND IMPOSES DEATH PENALTY.

Rock Rapids, Ia., April 30.—A jury Friday found Charles Rocker guilty of the murder of August Schroeder at Doon, Ia., June 30, 1901, and fixed the penalty at death. Rocker worked for Schroeder on a farm. Becoming infatuated with Mrs. Schroeder he gave Schroeder drugged whiskey and then beat him to death and hanged the body to suggest suicide.

Later Rocker married Mrs. Schroeder, who had in the meantime secured \$4,000 insurance on her husband's life. When a child was born, Rocker proposed to kill it, and when the woman protested against the horrible suggestion, Rocker told her he had killed Schroeder. Mrs. Schroeder was able to appear as the principal witness, it being shown that the second marriage was void, as Rocker had a wife living from whom he had not been divorced.

AFTER TICKET BROKERS.

Michigan Central Claims They Conspire to Defraud Railroads.

Chicago, April 30.—Charging that they are practically in a combination or conspiracy to defraud railroad companies, counsel for the Michigan Central Railroad company filed a bill here Friday in the United States circuit court, for an injunction restraining twenty-eight ticket brokers, or "scalpers," from continuing in their present business. The list of defendants includes nearly all of the prominent ticket brokers in Chicago.

KRUGER EXTREMELY WEAK.

Former President of the Transvaal Requires Constant Care.

Menton, France, April 30.—While it is difficult to ascertain the exact state of the health of Mr. Kruger, former president of the Transvaal, it is stated on good authority that symptoms of a cerebral affection are apparent and that a consultation of physicians has been held. Mr. Kruger is now extremely weak and constant care is necessary.

Loot Safes and Escape.

Omaha, April 30.—Robbers blew open the safes of the Norcross and Manhattan Lumber company and Millers Cereal mills, wrecking the latter building at Glenover, a suburb of this city. They secured several hundred dollars and escaped.

Wealthy New Yorker Suicides.

Chicago, April 30.—George McKay, a wealthy real estate owner of New York, shot and killed himself at the Auditorium hotel. Relatives of the dead man are unable to assign a reason for the suicide.

DEVASTATED BY FIRE

FERNIE, B. C., SUSTAINS A PROPERTY LOSS OF HALF A MILLION DOLLARS.

TOWN IS ALMOST WIPED OUT

ALL RETAIL STORES, SIX HOTELS AND SEVERAL OTHER BUILDINGS BURNED.

Vancouver, B. C., April 30.—Ninety-tenths of Fernie, B. C., a town of 2,000, the largest settlement in Crow's Nest Pass district, was destroyed by fire Friday. Estimated loss \$500,000. The water supply almost failed and the fire burned itself out.

Nearly the whole of six blocks were destroyed, including six hotels, two wholesale houses, Christ church and virtually all the retail stores in town. There were no casualties.

TRAMP THROWS CARBOLIC ACID.

Sister Mary Alma in a Serious Condition as a Result.

Wheeling, W. Va., April 30.—Sister Mary Alma of the Community of St. Joseph, who was assaulted by three burly negroes at the Catholic Orphanage in Elm Grove last September, received the contents of a large bottle of carbolie acid, thrown by a tramp, Friday, and is in a serious condition at St. Joseph's convent.

The tramp rapped at the door of the convent and asked for money. Sister Alma said she could not give money, but if he wanted anything to eat it would be given him. He returned a little later and when the sister opened the door, dashed the bottle in her face. The attending physician thinks her sight will be saved, but her prostration may result fatally.

Threatening letters were sent to local newspaper publishers recently, stating that anarchists would avenge the punishment of the negroes convicted of the Elm Grove outrage unless they were given another trial and letters of warning, written in a friendly vein, were received by the sister superior of the convent and the chief of police. The acid thrower was a white man, and from the meagre description Sister Alma was able to furnish, the police have arrested several suspects.

WILL REMAIN AT WORK.

Topeka Machinists of the Santa Fe Refuse to Strike.

Topeka, Kan., April 30.—The Topeka machinists of the Santa Fe held a large mass meeting last night and decided they would not strike. J. D. Buckalew, third vice president of the International Association of Machinists, was present, and strongly advised this course. He said there would be no strike here if he could help it. The action of the men on the coast lines of the road in going out without waiting for orders from the national headquarters of the union was strongly condemned.

Mr. Buckalew intimated that a peaceable settlement of the difficulties would be made on the coast lines also. He succeeds Fourth Vice President Wilson in the management of the union interests on the Santa Fe. Wilson was in favor of a strike.

SUBMITTED TO ARBITRATION.

Demand of Chicago Teamsters for Increased Wages.

Chicago, April 30.—The controversy between the truck teamsters' union and the team owners' association, which for a time threatened a strike on May 1, of the 8,000 men belonging to the union, will be settled by arbitration. This plan was decided upon last night at a conference between committees representing the union and the owners, and the men will continue at work while the matter is being adjusted. The men asked for a wage increase amounting to about \$2 a week, but the owners positively refused to accede to the demand.

FATAL HOTEL FIRE.

Four Lives Lost by Burning of the Bryan House at Lansing, Mich.

Lansing, Mich., April 30.—Four lives were lost during the night in the burning of the Bryan House, a three-story brick structure on East Michigan avenue, the first floor of which was used as a machine shop. The dead are: Jerome C. Stiles, Grand Rapids; John Volland, Lansing; Ransom Dingman, Lansing; James Ray, Lansing.

A large tank of gasoline in the basement of the building exploded a few minutes after the fire broke out, scattering flames all over the building and making it impossible to render assistance to the inmates.

CONFERENCE ELECTS OFFICERS.

Rev. Hertzler of Muscatine, Ia., President of a Mission Board.

Burlington, Ia., April 30.—The Illinois-Iowa conference of the German M. E. church Friday elected the following officers of the mission board: President, Rev. A. H. F. Hertzler, Muscatine; vice president, Rev. C. E. Baumgarten, Etwa, Mo.; secretary, Rev. Charles Moeller, Davenport; treasurer, Rev. John C. Ralph, Burlington.

During the day the United States gunboat Nashville and the torpedo boat destroyer Lawrence arrived at St. Louis harbor.

The opening day was a legal holiday in Missouri and scores of excursion trains brought large crowds to swell the vast concourse already here.

May Prove a Total Loss.

Atlantic City, N. J., April 30.—The stranded sugar steamer Craigneuk is in a sad plight. With the pounding she got from the heavy seas during the day and night she has been rendered almost helpless. The steamer will probably prove a total loss as she is deeply imbedded in the sand.

River Falling at St. Louis.

St. Louis, April 30.—The Mississippi river has started to fall very slowly and danger of serious results from flood has passed. It is expected that by Monday conditions on the East side will be normal again as far as railroad traffic is concerned.

POWDER HELD RESPONSIBLE.

Caused Bursting of Eight-Inch Guns on the Iowa.

Washington, April 30.—The naval board, consisting of Captain Dayton, Commander Fletcher and Lieutenant Diefenbach, appointed to investigate the circumstances attending the bursting of two eight-inch guns on the Iowa, Feb. 5, last, has reported to the secretary that the board finds that in the firing of the guns all precautions were taken. The report says that when the forgings of the guns were being machined, the defects being described as numerous small "breaks" in the continuity of the metal and also minute "sand and slag spots." The forgings thereupon were rejected by the factory, but finally accepted by the bureau of ordnance after a board had declared the defects common and not serious enough to warrant rejection. The guns were designed for use with brown powder, but smokeless powder was used instead. With the adoption of smokeless powder the muzzle velocity was increased from 2,100 to 2,300 feet.

In its conclusion the board finds that the eight-inch guns of the Iowa, so far as material is concerned, were as strong as designed to be; that the fracture of these guns did not result from weakening from previous firing, from the premature bursting of shells in the bore or from excessive pressures resulting from abnormal action of the powder charge. But, the board says, the increase of muzzle velocity from 2,100 to 2,300 while at the same time the breech pressure was decreased, reduced the margin of safety along the chase too much. It is recommended by the board that more extensive experiments be made to determine the advantage and disadvantage of the present grain powder in comparison with other shapes.

The department has the report of the board under consideration.

MINERS WILL STRIKE.

Eight Thousand Men in Fifth Ohio District to Quit.

Wheeling, W. Va., April 30.—A strike of 8,000 coal miners in the eastern part of the Fifth Ohio sub-district will occur next Monday, as the result of a fruitless conference of operators and miners for ten days. The final split came on two sections of the machine scale, one providing for a change in payment for narrow machine work, from a straight tonnage to a tonnage and yardage basis; and that miners take up all bottom coal in wide work. The men claim these features would involve a reduction in the Indianapolis agreement and impose hardships not enacted in any other part of Ohio.

ROCKER MUST HANG

JURY FINDS IOWA MAN GUILTY OF MURDER AND IMPOSES DEATH PENALTY.

Rock Rapids, Ia., April 30.—A jury Friday found Charles Rocker guilty of the murder of August Schroeder at Doon, Ia., June 30, 1901, and fixed the penalty at death. Rocker worked for Schroeder on a farm. Becoming infatuated with Mrs. Schroeder he gave Schroeder drugged whiskey and then beat him to death and hanged the body to suggest suicide.

Later Rocker married Mrs. Schroeder, who had in the meantime secured \$4,000 insurance on her husband's life. When a child was born, Rocker proposed to kill it, and when the woman protested against the horrible suggestion, Rocker told her he had killed Schroeder. Mrs. Schroeder was able to appear as the principal witness, it being shown that the second marriage was void, as Rocker had a wife living from whom he had not been divorced.

AFTER TICKET BROKERS.

Michigan Central Claims They Conspire to Defraud Railroads.

Chicago, April 30.—Charging that "they are practically in a combination or conspiracy to defraud railroad companies," counsel for the Michigan Central Railroad company filed a bill here Friday in the United States circuit court, for an injunction restraining twenty-eight ticket brokers, or "scalpers," from continuing in their present business. The list of defendants includes nearly all of the prominent ticket brokers in Chicago.

KRUGER EXTREMELY WEAK.

Former President of the Transvaal Requires Constant Care.

Menton, France, April 30.—While it is difficult to ascertain the exact state of the health of Mr. Kruger, former president of the Transvaal, it is stated on good authority that symptoms of a cerebral affection are apparent and that a consultation of physicians has been held. Mr. Kruger is now extremely weak and constant care is necessary.

Loot Safes and Escape.

Omaha, April 30.—Robbers blew open the safes of the Norcross and Manhattan Lumber company and Miller's Cereal mills, wrecking the latter building at Glenover, a suburb of this city. They secured several hundred dollars and escaped.

Wealthy New Yorker Suicides.

Chicago, April 30.—George McKay, a wealthy real estate owner of New York, shot and killed himself at the Auditorium hotel. Relatives of the dead man are unable to assign a reason for the suicide.

DEVASTATED BY FIRE

FERNIE, B. C., SUSTAINS A PROPORTY LOSS OF HALF A MILLION DOLLARS.

TOWN IS ALMOST WIPED OUT

ALL RETAIL STORES, SIX HOTELS AND SEVERAL OTHER BUILDINGS BURNED.

Vancouver, B. C., April 30.—Ninety-ninth of Fernie, B. C., a town of 2,000, the largest settlement in Crows Nest Pass district, was destroyed by fire Friday. Estimated loss \$500,000. The water supply almost failed and the fire burned itself out.

Nearly the whole of six blocks were destroyed, including six hotels, two wholesale houses, Christ church and virtually all the retail stores in town. There were no casualties.

TRAMP THROWS CARBOLIC ACID.

Sister Mary Alma in a Serious Condition as a Result.

Wheeling, W. Va., April 30.—Sister Mary Alma of the Community of St. Joseph, who was assaulted by three burly negroes at the Catholic Orphanage in Elm Grove last September, received the contents of a large bottle of carbolie acid, thrown by a tramp, Friday, and is in a serious condition at St. Joseph convent.

The tramp rapped at the door of the convent and asked for money. Sister Alma said she could not give money, but if he wanted anything to eat it would be given him. He returned a little later and when the sister opened the door, dashed the bottle in her face. The attending physician thinks her sight will be saved, but her prostration may result fatally.

Threatening letters were sent to local newspaper publishers recently, stating that anarchists would avenge the punishment of the negroes convicted of the Elm Grove outrage unless they were given another trial and letters of warning, written in a friendly vein, were received by the sister superior of the convent and the chief of police. The acid thrower was a white man, and from the meagre description Sister Alma was able to furnish, the police have arrested several suspects.

WILL REMAIN AT WORK.

Topeka Machinists of the Santa Fe Refuse to Strike.

Topeka, Kan., April 30.—The Topeka machinists of the Santa Fe held a large mass meeting last night and decided they would not strike. J. D. Bucklew, third vice president of the International Association of Machinists, was present, and strongly advised this course. He said there would be no strike here if he could help it.

The action of the men on the coast lines of the road in going out without waiting for orders from the national headquarters of the union was strongly condemned.

Mr. Bucklew intimated that a peaceable settlement of the difficulties would be made on the coast lines also. He succeeded Fourth Vice President Wilson in the management of the union interests on the Santa Fe. Wilson was in favor of a strike.

SUBMITTED TO ARBITRATION.

Demand of Chicago Teamsters for Increased Wages.

Chicago, April 30.—The controversy between the truck teamsters' union and the team owners' association, which for a time threatened a strike on May 1, of the 8,000 men belonging to the union, will be settled by arbitration. This plan was decided upon last night at a conference between committees representing the union and the owners, and the men will continue at work while the matter is being adjusted. The men asked for a wage increase amounting to about \$2 a week, but the owners positively refused to accede to the demand.

FATAL HOTEL FIRE.

Four Lives Lost by Burning of the Bryan House at Lansing, Mich.

Lansing, Mich., April 30.—Four lives were lost during the night in the burning of the Bryan House, a three-story brick structure on East Michigan avenue, the first floor of which was used as a machine shop. The dead are: Jerome C. Stiles, Grand Rapids; John Volland, Lansing; Ransom Dingman, Lansing; James Ray, Lansing.

A large tank of gasoline in the basement of the building exploded a few minutes after the fire broke out, scattering flames all over the building and making it impossible to render assistance to the inmates.

CONFERENCE ELECTS OFFICERS.

Rev. Hertzler of Muscatine, Ia., President of a Mission Board.

Burlington, Ia., April 30.—The Illinois-Iowa conference of the German M. E. church Friday elected the following officers of the mission board: President, Rev. A. H. F. Hertzler, Muscatine; vice president, Rev. C. E. Baumgarten, Etna, Mo.; secretary, Rev. Charles Moelter, Davenport; treasurer, Rev. John C. Ralph, Burlington.

Last night a very pleasant surprise party was given in honor of John Bye, who has been sick for some time. A very pleasant time was had. Mr. Bye was presented with a neat purse as a token of esteem which he is held in by his friends.

The "Beggar Prince" comic opera company will close their week's engagement at the Brainerd opera house tonight, presenting the tuneful opera "Girofle-Girofla." A large audience will undoubtedly be present at the last performance of this clever company who have made themselves great favorites with local theatre-goers during their short stay in our city.

The funeral services over the remains of Harvey H. Small, son of Mrs. L. C. Dickey, will be held tomorrow afternoon at 2:30 o'clock from the First Baptist church. The young man was thirty years and 23 days old. He had been a long sufferer from consumption and realized almost to the last that he was not long for this world. The mother, sister and brother have the sympathy of a large number of friends in the city.

The secretary of the interior has approved the instructions of the commissioner of the general land office providing for the sale of pine timber on lands within the ceded Chippewa Indian reservation in Minnesota Nov. 15 next. The sale will be held at Cass Lake, and will be by means of sealed bids. The land from which the timber is to be sold comprises 116,000 acres, containing 128,000,000 feet of white pine and 82,000,000 feet of Norway. The timber will be cut clean, under the act of Jan. 14, 1889, as amended by the act of June 27, 1902.

The theatrical company billed to put on "The Silver Slipper" at the Winnipeg theatre, one of Manager Walker's houses, Thursday evening, went on a strike and there was no performance. The trouble arose over the fact that the manager held back the salaries of the players for a performance that was missed by the company being delayed on a train coming from the coast to Butte, Mont., which was reached last Tuesday. It is said the manager suggested that the performers should each contribute a day's pay to recoup the loss sustained by the management through missing the performance.

Judge Sanborn issued an order today sending the Morris children, Arthur, Sarah and Oma, to the state orphanage at Owatonna. The father is dead but the mother lives in the city.

Sheriff Hardy, of Cass county, came down from the north this noon with Fred Gassert convicted and sentenced to one year in the state penitentiary. He was taken to Stillwater this afternoon.

Mr. and Mrs. George Trent and family expect to leave next week for Alexandria where they will spend the summer. Mr. Trent will manage a summer hotel at that place during the summer, but expects to return to Brainerd by Sept. 15.

The assessors from the different parts of the county are in the city today and it is a busy day in the county auditor's office. Books, papers instructions are being given the assessors and they go out Monday morning armed to the teeth.

Last night there was a large gathering at the home of Mr. and Mrs. J. C. Hessel. They were Odd Fellows and had called out of respect to Mr. Hessel who will leave in a few days for Germany for an extended visit. A. H. Bennett on behalf of those present made a very fitting little presentation speech handing Mr. Hessel at the time a pretty Odd Fellow charm. The event was a pleasant one indeed and all enjoyed themselves immensely, Mr. Hessel much more than anyone else.

Dublin, April 30.—King Edward and Queen Alexandra attended the Leopardstown races Friday, the smartest day of the Dublin race week. Richard Croker saw his horse American Boy win the April plate.

Congratulate Him.

Brainerd, Minn., April 29. At a regular meeting of North Star Lodge International association of Machinists, the members were highly pleased to know of Mr. S. L. Bean's appointment as mechanical superintendent of motive power of the Santa Fe.

Therefore, Be It Resolved, That North Star Lodge No. 197 congratulate Mr. Bean on his promotion, as we feel it is richly deserved.

Be It Further Resolved, That North Star Lodge, No. 197 extend to Mr. Bean its best wishes for his future happiness and prosperity.

AN OLD RESIDENT DIED LAST NIGHT

James H. Hallett, Who Has Lived
in Brainerd for Thirty Years,
Passes Away

A RATHER NOTABLE CHARACTER

He Conducted an Old Indian Trading Post in Building in Which
He Had Lived.

James H. Hallett is dead and in the passing away of this notable character another pioneer of the city has answered the last summons and the early history of Brainerd is recalled to old timers with vivid recollection, for the incidents of those early days in Brainerd were closely identified with the life of this man.

For the past ten years he had lived a quiet unostentatious life on account of failing health and failing eye sight, but previous to this he had been quite active as a trader with the Indians and was at one time one of the biggest "blueberry merchants" in the northwest. At the time of his death he was totally blind.

He came to Brainerd in 1874 and for a time engaged in the general produce and meat business with Frank Keating, the firm being known as Hallett & Keating. Shortly after this they left for Leadville, Col., where they engaged in business for a time, but Mr. Keating died and Mr. Hallett returned to this city. Shortly after this he left for Bismarck where he stayed for about two years, returning to Brainerd again. He bought the building where he had lived so long from the late L. P. White in the early seventies and has made his home there off and on ever since. On returning from Bismarck he engaged in business again and the old building where he lived at the time of his death was one of the most notable trading posts in the northwest for many years.

For years the Indians from the different tribes about Brainerd, within a radius of hundreds of miles, found this place one of the most advantageous to dispose of their blueberries in the summer and their furs in the winter. And thus the old post was made an important one and thousands of dollars worth of Indian wares were brought here and disposed of.

Everyone knows the little frame shack that is situated on Bluff avenue, just north of the N. P. railroad track. The same shack, painted over now, that weathered the wintry blasts of thirty years, still stands and there has been very little change in its general makeup. The deceased was somewhat of an eccentric and took very little interest in the general important topics about him and had little thought of improvement. He was a conscientious man, however, and took an interest in Brainerd and was always loyal and steadfast to his friends.

He died last night at 9 o'clock and just before passing away it was his wish that he be buried on the same day that he died or as near that as possible. He died on his birthday, being just 60 years of age yesterday and he said, before gasping his last breath, that it was a happy birthday for him. In accordance with his wish in the matter Mr. Hallett was buried this afternoon, brief funeral services being held from his late home on Bluff avenue.

Mr. Hallett will long be remembered as a notable character in Brainerd and the early history of the city would be incomplete indeed without a sketch of his life. His last desire was that there be as little fuss and feathers about his funeral as possible and when asked by Mrs. Hallett for some information regarding his early history he said, "Oh, never mind, just tell them that I am dead that will be enough. Just make one paragraph of it all."

Besides a wife and son who are left to mourn he has two brothers, one, John W. Hallett, living at Medford, Del., and another, C. P. Hallett, living in the west somewhere.

REPORT IS CONFIRMED

R. R. Wise Bought the Hartley Block two
Weeks ago—Nothing Much to say

Regarding Hotel

R. R. Wise returned from St. Paul this afternoon and he had the center of the stage for an hour or two and the full lime light was turned on him as a consequence of the report he had in mind the erection of a big hotel on the corner of Front and Sixth street.

Mr. Wise confirmed the report that the Hartley block had been bought by him about two weeks ago. As to the hotel proposition he said it was being talked of.

Manager Wade Complimented.

This afternoon the Beggar Prince Opera company put on the "Pirates of Penzance" and the Bachelor Maids occupied boxes. Manager Wade has taken some interest in the performance which the ladies will put on next Friday evening and this afternoon he was rewarded with a sparkling present when he came on for his turn in the second act and was given a hearty reception. He made a hit in his song, and in fact, the whole company were fine this afternoon.

MUSIC AND DRAMA.

THE BEGGAR PRINCE OPERA COMPANY.
The Beggar Prince opera company appeared in the "Mikado" at the theatre last night and the house was crowded. It was one the best of the repertoire that the company has put on this week, the costumes, music and scenery being especially catchy. Mr. Chas. E. Huntington in the title role appeared at his best although, there was nothing doing for him until the last act. The music and the words were particularly adapted to his voice and he was heard to good advantage. Stanley Felsh as Ko Ko, the "Lord High Executioner" was the limit and appeared in usual good form and held the audience in a happy strain all the time. Byron Bronti made a hit in the role of Poo Bah, "Lord High Everything else." It may be interesting to know that Mr. Bronti is the author of this role in this opera and was the original character to appear in it. His name appears as one of the authors on the score sheets. F. W. Walters had good opportunity to display his artistic tenor voice last night and appeared to good advantage in "Nanki Poo." Irene Palmer, Jessie Mayhew and Gertrude Hutchinson shared equal honors as the wards of the KoKo. The choruses were all good and the solo work last night was of a high order. The audience was highly delighted.

LAST PERFORMANCE TONIGHT.

The opera company will make its last appearance at the opera house tonight in "Girofle-Girofla," and the house will doubtless be packed to the doors. This company has won the admiration of all during the week and Brainerd should take an interest in such attraction at such unusually cheap prices. The members of the company are all ladies and gentlemen, the stars are artists of ability and the class of operas included in their repertoire is of the very best, and Manager Wade is to be congratulated.

THE BACHELOR MAID'S MINSTRELS.

There is a hurry and flurry among the members of the ladies' minstrels as the date of their big performance, next Friday evening, draws near and in fact the interest throughout the whole city is increasing. There will be catchy songs, pretty dancing, lovely costumes, grotesque figures and a whole lot of funny jokes. No one should miss this performance as it will be equal to most anything of the kind and will far exceed many minstrel performances in finish. Miss McLain, of the Ferris Stock company, will be with the ladies throughout the week and will help put on a few finishing touches. Miss Onolee McCullough states that the music and especially the chorus, surpasses her fondest expectations and she is very much pleased.

UNCLE TOM'S CABIN.

Leon W. Washburn, with Stetson's "Uncle Tom's Cabin" company, begins an engagement at the Brainerd opera house next Tuesday, May 3, when the patrons of that house will see this time honored play in all its superior attractiveness. "Uncle Tom," the hero of this purposeful story, is portrayed by Fred Bennett, Stetson's original "Uncle Tom," probably the best known impersonator of this celebrated character in the country. There will be two Topsyies and two Marks in the great double cast. The work of competent players is further enhanced by beautiful stage settings and new electrical devices. Col. Sawyer's celebrated pack of Siberian bloodhounds is one of the features with this company as well as the prize Shetland ponies. New and novel specialties are introduced by the Creole Ladies' Quartette, John Loery, champion buck and wing dancer, assisted by the Mississippi singer, Lu Olette, "The Lone Star Quintette" in superb vocalizations and the grotesque "Limber Lee." The street parade of this big company will be worth going to see.

MRS. A. MARK DIES SUDDENLY

Was Taken to Duluth Sometime ago Where an Operation was Performed Tuesday Afternoon

The sad intelligence was received in this morning that Mrs. A. Mark died last night at St. Mary's hospital, Duluth, after a severe operation which was performed on Tuesday last for a tumor of the stomach. She died at 10:30 o'clock and her husband and other relatives were present at the time of death.

Mrs. Mark is well known in the city as an estimable woman and the news of her death will be received with regret. Little is known of the funeral arrangements, and it is not known whether the interment will take place at Duluth or in this city.

QUIET AT MOST MARKETS.

Distributive Trade Fails to Show Any Great Improvement.

New York, April 26.—Bradstreet's weekly review of trade says distributive trade continues quiet at most markets, and April trade the country over has not equaled a year ago. The absence heretofore of the usual volume of spring demand is depressing to dealers, who fear they will be obliged to carry over surplus stocks. Signs of improvement, are, however, to be noted in the Northwest, where better weather has helped retail and wholesale trade. Pacific coast trade and crop advices are better than of late and while weather and crop conditions are backward at the South, the exceptionally strong position of the leading interests renders the outlook for the future very hopeful. A favorable development of the week has been the breaking of the drought in the Southwest. Backward weather has retarded cotton planting and spring wheat seeding, while crop germination and growth is generally reported slow the country over. During the first four months of the year upward of 125,000 men have struck for various causes, but while there is considerable unrest rather less than the usual May day disturbances are looked for.

TALKS ON REORGANIZATION.

Mr. Bryan Thinks His Exponents Make No Headway.

Duluth, April 26.—In an interview on reorganization, William J. Bryan said: "I do not think they are gaining any in strength. "Papers attesting to the growth of reorganization are edited by reorganizers and Republicans. "You haven't anything new to offer on the New York platform?" was asked. "Well, I've been quoted on the platform. I will say that wherever its principles nearly approach clearness, they are on the wrong side. It surpasses any platform I ever read, in its attempt to conceal the purpose of those who wrote it. I don't know that it could be better described than by quoting a representative of one of the trusts and railroads, who said that it was peculiar in that it was about what a Republican would write on such subjects."

PERUVIANS ALARMED

BELIEVE THAT CHILE WILL TRY TO FORCIBLY ANNEX TWO PROVINCES.

Lima, Peru, April 30.—Alarming cablegrams have been received here from Santiago de Chile saying that the Chilean government has instructed its minister at Washington, Senor Walker Martinez, to inquire if the United States will defend Peru in case Chile shall proceed forcibly on the question of annexing the provinces of Tacna and Arica, which that country is disposed to do.

It was announced from Valparaiso, Chile, Dec. 9, last, that a great sensation had been produced there by a rumor that the minister of the interior had presented to the chamber of deputies a message asking for the annexation of the provinces of Tacna and Arica. The session of the chamber was secret, but according to information of a reliable nature, the plan of the minister was to establish in the two provinces the civil administrative methods of Chile and to thus put an end to the difficulties arising from the special system carried on there.

WILL BENEFIT THE JEWS.

Proposed Modification of Legislation in Russia.

Berlin, April 30.—The Tageblatt announces from an excellent Russian source that the Russian government is about to moderate the anti-Jewish legislation. Minister of the Interior von Plehwe last autumn sent a circular to the provincial authorities inquiring about the situation and the causes of the distress and dissatisfaction of the Jewish population. The provisional authorities with surprising unanimity blamed the antiquated laws for the social and economic disorders, which involved the whole country, and a commission will be appointed immediately to elaborate milder legislation and especially to improve the situation of the Jewish proletariat. The greatest change, it is added, is likely to be relaxation of the restrictions on residence. It is not expected in any quarter that the revision will result in placing the Jews on entire equality with the Russians.

Insanity, Death or Health?

No. 2807 Locust Street, St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Harriet O. Best
CHAIRMAN, LADIES OF HONOR, No. 97.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

All druggists sell \$1.00 bottles Wine of Cardui.

Dudley's Famous Coffees

Every fresh lot of coffee which we receive is tested for
blending by an expert of national reputation; in fact, he
has received his fourth appointment as inspector of coffees
for the U. S. Government. Our coffees are **blended**, not
mixed. "It's all in the blend." Cost no more than
ordinary coffees and are so much more delicious.
